BULB DEPARTMENT

TO MY CUSTOMERS

I take great pleasure in presenting to you my 7th Annual Catalogue. Each successive year I have tested out new varieties of real merit so that this year my list is longer and has many very choice Dahlias, Gladioli, Peonies, Irises, etc. at **REASONABLE PRICES**

TO THE TRADE

No wholesale list this year. Those entitled to trade discount will be treated right. Discounts liberal.

TERMS

No mail order accepted for less than \$1.00. Cash with orders under \$5.00. On \$5.00 and over I will accept 25% deposit and balance when you are ready for the goods. Orders of \$5.00 and over will be sent prepaid to 4th zone. Postage sent in excess on other orders will be refunded. Stamps or bills are sent at your risk. Checks and money orders at my risk. **ORDER EARLY** and avoid disappointment should the variety desired be sold out.

SUBSTITUTION: I never substitute without permission; but it is well to mention a few varieties that you are willing to have substituted should any of the varieties ordered be sold out.

GUARANTEE: I guarantee all stock to be in growing condition and true to name. Please notify me if any prove otherwise.

REMEMBER

Visitors welcome any day at the gardens, 136 Smith Street, and when flowers are in bloom you will be given some to take away. Thousands of Dahlias and Gladioli in blossom during July, August, September, October.

Yours for Delightful Dahlias and Glorious Gladioli.

Kearney Square, Lowell, Mass.

MR. DOWS IN ONE OF HIS GARDENS

DAHLIAS

Location: Any good garden soil will grow dahlias and they will do equally well on high or low land. A sunny, airy location is best.

Planting and Cultivation: Good stable manure ploughed in in the fall and turned again the following spring makes the ground light. When planting use 2-3 sheep manure and 1-3 hard wood ashes or bone meal as the fertilizer. In this locality plant from May 15 to June 15. Dig a hole six inches deep. Lay the bulb flat and cover four inches deep. Two feet apart in the rows and each row three feet apart is best for proper growth, but if space is limited they can be planted closer.

Blooms for Display: In order to get the largest flowers it is quite necessary that you disbud severely. Pinch out all small side branches and buds, letting only the largest mature. Unlike the Gladiolus the Dahlia is a continuous bloomer until frost kills the tops.

CALLAS

CALLA ALBA MACULATA. One of the most popular plants for blooming in the open during the summer, and unequaled in the winter as a house plant. Leaves are spotted and the flowers are white. Many blooms from each bulb. Large bulbs, 40c each. Smaller bulbs, 25c; all will bloom.

GENERAL COLLECTIONS

For the benefit of those who are not familiar with the names of the different varieties of Dahlias or do not care to select particular kinds, these collections are put up in amounts ranging from \$5.00 to \$20.00 per dozen, and include the latest and finest varieties.

In ordering, simply specify the amount you wish to spend per dozen, and I will ship you a collection of Dahlias prepaid which will catalogue at least twice the amount remitted; the selection of varieties being left to me.

12 of any variety for price of 10 unless otherwise priced.
Wholesale prices on many varieties upon application.

GLADIOLI

Planting and Culture. Plant the bulbs from May 1 to June 15, four inches deep in heavy soil and six inches deep in light soil with full exposure to the sun. It is better if the ground has been prepared the fall before with fresh stable manure well forked in and turned again the following spring.

The gladiolus is a great drinker. Don't give it merely a sip. Give it plenty of water while you are doing it, even if you do not water more than once a week. After sundown is best. Larger flowers will repay you for the extra care. Stir the soil the next day after rain or after sprinkling. Never allow the soil to crust.

Blooming. For best results, cut the spikes when the first flower opens and let them bloom in the house. Each morning remove the wilted blossoms, cut off a little of the stem and give fresh water.

CANNAS (Continued)

WYOMING. Bronze leaves, orange flower without red, of the true Orchid type. 6-7 ft.

BRONZE BEDDER. What is known as the old fashioned Canna is the BRONZE BEDDER which has dark bronze green leaves but a small red flower. Foliage is very large and useful as a background for better varieties. 6-8 ft. Large roots 10c each; 75c doz.; \$5.00 per 100.

By using a combination of varieties a splendid bed of Cannas can be made which will be a continuous delight in any garden.

HOLLYHOCKS (Double)

I have raised Double Hollyhocks for years. The stock is pure, self colors, of White, Yellow, Pink, Red, and Maroon. Vigorous young plants ready to bloom 20c each \$2.00 doz. (Delivery in May.) Seed 10c each color for small packages. (Delivery now.) Seed should be started early in cold frame or house but will not bloom till second year.

LILIES

Lilies require a well enriched ground but must have good drainage.

LILIUM CANDIDUM (Madonna Lily.) A large pure white lily and sweet scented. Should be in every garden. Cover bulbs only 3 inches. 60c each; \$6.00 doz.

LILIUM REGALE (Regal Lily.) A new and glorious lily from China. Most vigorous, with sturdy stems. Short trumpet shaped flowers of pure white almost translucent; the heart suffused yellow; outside petals lightly shaded amber. Cover bulbs only 6 inches. \$1.00 each; \$10.00 doz. Seed 50c per 100.

IRISES

The Iris is always beautiful coming along in early spring-time and will grow well in partial shade. The roots should not be covered more than three inches. Here are only a few of my varieties.

"S" refers to the standards, "F" to the falls.

ANNA FARR. S. white, bordered pale blue; F. white, with blue at base, held horizontal. A magnificent flower. \$1.00.
